ABOUT US

FWC Preschool is an academic, structured Christian preparatory school that engages children in all levels of learning. We strive to teach children with a creative, intentional curriculum, that covers all learning styles, and encourages discovery and imagination. We hope to build a foundation for each child that they will carry with them as they move forward to the school age years. Our goal is to show children that they are known, loved and valued, taught academically, socially, and spiritually, and to show respect for self and others. We want our children to see God working in our lives daily. We have welcoming classrooms that encourage children to create, explore and make decisions with confidence.
